

# Advanced Adobe InDesign CS4

One-Day Course

Windows and Macintosh

## Course Overview:

Take a day to further explore Adobe InDesign's powerful advanced features. This course is designed for those individuals already familiar with the topics covered in the Introduction and Intermediate courses. Time permitting, your Instructor will answer any questions pertaining to Adobe InDesign not covered in these topics.

## Course Content:

- Coverage of all program preferences and panel customizing
- Kuler Extensions (color themes)
- Working with Smart Guides
- Master Text Frames
- Multiple Master Pages
- Numbering & Section options
- Notes tool
- Text Variables
- Working with Layers
- Align, Transform and Pathfinder panels
- Placing graphics from Adobe Bridge
- Placing Hyperlinks
- Working with layered images from Photoshop and Illustrator
- Exporting layers to PDF
- Preflight: Package and Links panels

Note: As of April 2009 DPA Communications will offer Adobe Acrobat, InDesign, Photoshop, Illustrator, Dreamweaver and Flash courses on version CS4 (Creative Suite 4). If you are currently using previous versions see the CS3 version of this course outline for any differences in training course content. Please contact DPA for more details or to have an instructor contact you.
